Falconer School

Achieving the extraordinary together

Headteacher's Weekly Blog Friday 14th May

Dear Parents and Carers,

Thank you to the parents and carers who have responded to the annual survey. The results and comments from the survey are being analysed and will be discuss at the Senior Leadership team meeting next week as well as at a governor's committee meeting. The responses help us to shape the future of the school and the areas we need to prioritise for improvement.

This week saw the national Mental Health Awareness Week with form time activities and an assembly led by Assistant Headteacher Ms Marsala. The focus of the week this year was on nature and how regular exposure to nature can help support positive mental health. With this in mind, many students went on short walks in the local community with their form tutors to experience nature.

Year 7

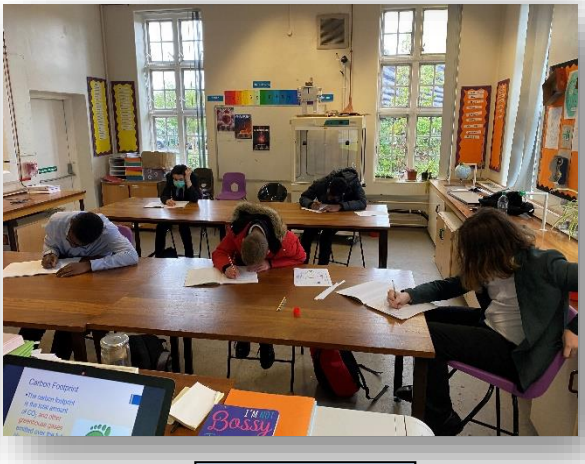
Year 8

Year 9

Lessons this week:

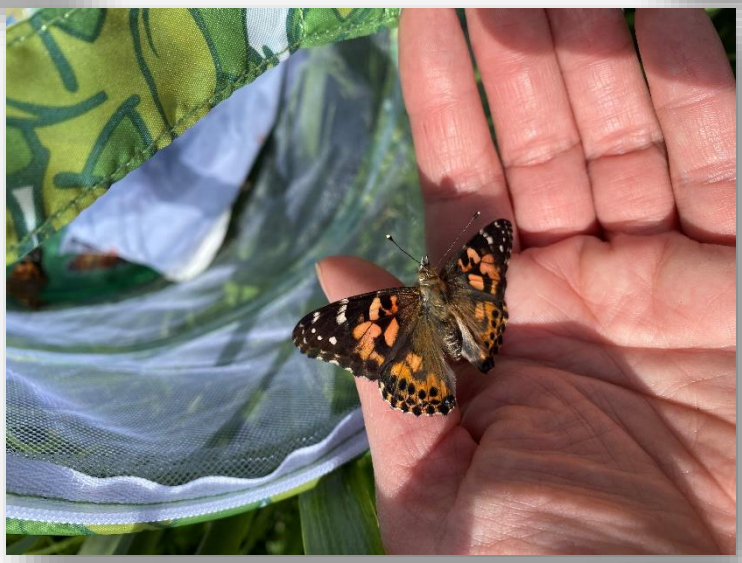
Year 8

Year 7

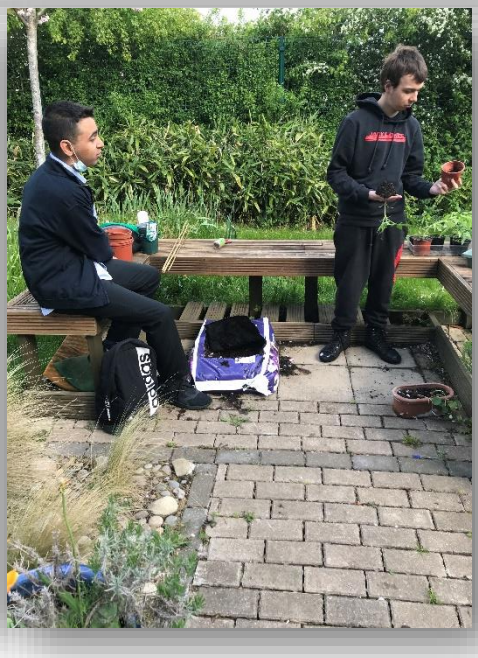


Year 10

Learning about metamorphosis in science



Year 10 Science



Year 10 Horticulture

Year 7 making cookies

Years 10 and 11 learning to make Pea Velouté in catering

I was lucky enough to arrive in the catering room just when Billy has finished his Pea Velouté and was able to sample it – absolutely delicious and restaurant quality presentation. The level of skill needed to create this dish to this level is very high – we are all incredibly proud of what the boys have achieved.

We held a cake sale and non-uniform day today to raise funds for the mental health charity Young Minds – due to the very generous donations of cakes we will also be holding a second cake sale on Monday so would ask the students to bring in a small amount of change to purchase the cakes in aid of charity.

I hope you have a lovely weekend and I look forward to another successful week of learning in school next week.

Mrs Ash
