**Re: Headlice in School**

Dear Parents / Carers

There are a couple of cases of head lice in your child's class. We ask that all parents check their children's hair. If you are able to do this tonight we can hope to eradicate the head lice.

Combing through the hair with a fine toothcomb using conditioner is a good way of spotting any head lice, this should be done **EVERYDAY** until the lice have been eradicated.

If you do find any head lice please consult your doctor/chemist who will advise you of the best remedies and treat your child's hair **as a matter of urgency.**

Please remember if your child has long hair to keep it tied up while they are at school.

Many thanks for your co-operation.

Yours sincerely,

Carmel Fox
