Falconer School

Achieving the extraordinary together

Headteacher's Weekly Blog Friday 4th December

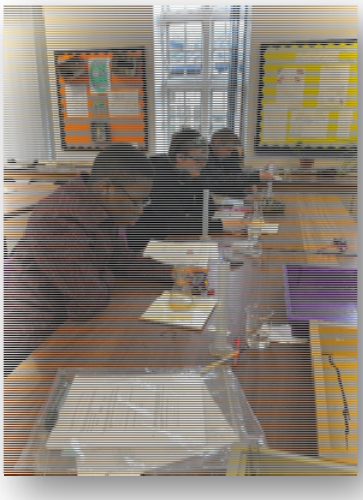
Dear Parents and Carers,

A Christmas feeling has been spreading around the school this week! On Friday morning the boys took part in a creative task together to make wreathes – the focus was to get the students working together as a team in a positive way, free from any use of technology – a real challenge in society today!

As usual, we also had some fantastic lessons taking place this week with the boys actively engaged and receiving reward points for achieving their learning outcomes and displaying prosocial behaviour.

Year 7 Art

Year 8 Food Technology



Year 10 Science

Year 8 Design and Technology

The crisp packet collection is going very well – we have enough collected to make 2 complete blankets now to donate to a local homeless charity. We will continue to collect the crisp packets until Wednesday 9th December so please do keep sending them into school.

On Friday 11th December we will be supporting the charity Save the Children by holding a Christmas Jumper Day in school. We are asking all students to donate £1 on the day which will be given to the charity – I am looking forward to seeing the array of Christmas jumpers on display! We will also be holding a cake sale in aid of the charity during break time on that day – all cakes will cost £1 with proceeds going to Save the Children.

Save the Children
CHRISTMAS JUMPER DAY

Have a lovely weekend.

Mrs Ash

Interim Headteacher
